## **GeoAnalytika Warranty**

GeoAnalytika warrants our products to be free from material defects in workmanship under normal use and service. This warranty will extend to no more than one (1) calendar month after receipt of product.

### **GeoAnalytika Return/Replacement Policies**

#### **General Policies**

GeoAnalytika will replace items which are determined defective within 30 days. Beyond 30 days of purchase please contact us for repair policy subject to our company warranty. Replacement does not extend to the expected performance of the item by the end user beyond what is published and written in the user manual. For software products, we have a one time re-issue of registration keys policy.

#### **Detailed Policies**

All items must be returned within 30 calendar days of the ship date printed on the invoice and packing slips.

All returns require proof of purchase (copy of original invoice).

Software items are not returnable.

Individual defective items of an order may be shipped back with copy of original invoice.

Unless under special circumstances, all international orders must be returned at the customers expense. GeoAnalytika is not responsible for additional duties, fees, taxes which may be incurred.

A 15% restocking fee will be charged for all returned merchandise.
